## THE STATE OF NEW HAMPSHIRE

---

*To the inhabitants of the Town of Warner in the County of Merrimack in said State, qualified to vote in Town affairs:*

L. S

You are hereby notified to meet at the Town Hall in said Warner on Tuesday the 14th day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same
3. To see if the Town will vote to raise and appropriate the sum of \$100.00 for the purpose of publicizing the natural advantages of the Town, in connection with other towns in the Dartmouth-Lake Sunapee Region.
4. To see if the Town will vote to raise and appropriate the sum of \$400.00 for the control of White Pine Blister Rust in the Town in cooperation with the State Forestry Department.
5. To see if the Town will vote to raise and appropriate the sum of \$1,300.00 for the benefit of the Concord Hospital.
6. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for new highway equipment.
7. To see if the Town will vote to raise and appropriate the sum of \$6,100.00 for the purchase of a combination fire truck, the said truck to be turned over to the Warner Fire Department as their responsibility.

8. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money on notes of the Town in anticipation of taxes.

9. To hear the reports of Officers of the Town heretofore chosen and Committees appointed and pass any vote relating thereto.

10. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this eleventh day of February, in the year of our Lord nineteen hundred and fifty.

## REPORT OF THE FOREST FIRE WARDEN

### *Forest Fires — our Most Shameful Waste*

---

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public — YOU!

The primary objective of all fire fighters is PREVENTION — fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
2. Securing the required written permit from the warden when the ground is not covered with snow.

3. Insisting that others be careful and comply with burning requirements.
4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

## SIMONDS FREE HIGH SCHOOL

Annual Report of School Health  
1948-1949*Changes in School Health Examinations:*

Health is of more interest to people today than ever before, because health is a way of living. The Health Department of Warner schools will this year begin a more complete physical examination for the children in grades 1-3-7-12. This examination is to be made by the school physician assisted by the school nurse. In addition to the usual throat and chest examination they will look for hernias, flat feet, curvatures and muscle weaknesses.

This plan will give a pupil five (5) physical examinations during his twelve years of school life in the Warner schools.

These changes in the health program are being made in order that your child may receive the benefits that must result from more thorough examining and follow-up program.

Our schools, as the firm base of education and living are being challenged, this opportunity for developing generations of healthy individuals must not be lost.

The situation in the elementary schools in the state continues to be critical. All too few girls are enrolling in the elementary courses at the Teachers Colleges. We are making an effort at the High School to interest some of our girls in making elementary teaching their career. Last year we had two girls who went up to the graded school for work experience. This year we have three young high school people doing some tryout work. In addition to the work experience, we have got to make working conditions and salaries attractive. Certainly an elementary teacher should be as well trained as a high school teacher, and the salary should be just as attractive as high school salaries and until they are we won't be getting the supply of elementary teachers that we need.

The school population continues to grow and when the present first and second get into the third and fourth grade room, we are going to have the same situation that we had last year when the first and second grade were combined. A year from next September there will be forty in the third and fourth grade room. If we discontinue the Special Class as some people want, it will be an extremely difficult situation to say the least.

The high school is running at its peak of efficiency. We haven't had the expected increase because more of the Sutton children have been going to New London. The most important reason for this shift has been the fact that a school bus has been running from New London to Sutton Mills. This makes it easier and cheaper for the Sutton people to attend New London High School. Sutton is paying part of the high school transportation this year and there is some talk of transporting all high school children to New London which would actually affect the town of Warner.

Due to a change in the High School tuition law, Warner is now able to charge a sum which more nearly fairly equalizes the cost of operating Simonds High School. The tuition charge for sending towns will be

\$200 per pupil. I am quite anxious to see what the reaction is of the people in the school district meetings when they see the sharp increase in tuition rates. I am wondering if they are not going to ask for more say in the operation of the school. It would seem that some cooperative set-up would be necessary for complete harmony.

The problems facing the school boards and school districts are becoming more involved and complex each year. We are faced with decreased State Aid on one hand and mounting costs on the other hand. Increasing school population will mean the need for more teachers and more housing. These needs, in the face of mounting tax rates, call for some very important decisions. I believe these decisions can be made only after a careful study and survey of the present educational program in Warner and the kind of program we would like our young people of Warner to have.

WILLIAM C. STERLING,  
*Superintendent of Schools*
